COVID-19: New support for closed operations

On January 4, 2021, the Czech government published further financial support to the companies particularly affected by the COVID measures under the title "COVID - Gastro - Closed companies".

Who can apply for support?

The following conditions must be met cumulatively:

- Legal or natural person who carries out a business activity on the basis of the trade law (according to the appendix to the program, **in particular retail, restaurants, personal services** and other selected activities).
- Due to the COVID - crisis measures decided by the government, the sale of goods and services was at least partially restricted or prohibited during the period from October 14, 2020 to January 10, 2021.
- The firm has employees (i.e. a contract for work and services is not sufficient).

Amount of support and application

The support is **CZK 400 per employee and per day** for which the activity was restricted due to the state COVID measures (currently for the period from October 14, 2020 to January 10, 2021).

The **support cannot be requested** for employees for whom there is already support from the programs **COVID - Culture, COVID - Accommodation and COVID - Sport**. However, it can be combined with other forms of support (such as the ANTIVIRUS or COVID - rental programs).

Applications can be submitted to the Ministry of Industry and Trade **from January 15, 2021**.

We will be happy to help you with the application.
