December 2020

Dear clients!

A strange year is coming to an end, a year like we did not expect. Apart from personal or health problems, we are all in a crisis that we have never experienced before. Some of our clients currently have no sales at all and are going through a really dramatic phase.

Our services are in great demand in these difficult times and we hear from many clients how important our consulting services and our help are at the moment.

This year was also a special challenge for our employees. Constantly new or changing regulations had to be studied in addition to our day-to-day business, brought closer to our clients and also implemented. And all of this under difficult conditions with home office, often poor internet and telephone connections, difficult communication options, etc.

We would like to take this opportunity to express our sincere thanks to our employees. Thank you for your flexibility, creativity and enthusiasm which make it possible to provide our services almost without restriction and for the benefit of our clients. We should also like to thank you, our clients, for whom we have been working for decades.

AUDITOR will have its 30th anniversary next year. Whether we can celebrate this properly remains to be seen.

We wish all of us that normality returns and that 2021 will be a successful and prosperous year.

We wish you a Merry Christmas and a few peaceful and relaxing days.

For the entire AUDITOR team
