

STÖGER & PARTNER

Wirtschaftstreuhänder ■ Steuerberater

Stöger & Partner belongs to a tax consulting group with an international focus that has provided services for more than **50** years in Austria in tax consulting, personnel and payroll administration, finance accounting, and business consulting.

The company provides complex consultancy in Central European countries via companies in the Czech and Slovak Republics (here under the brand name **AUDITOR**). Membership in **UHY International**, a network of independent consultancy companies in more than **80** countries of the world, makes possible the effective resolution of global consultancy issues.

The range of services we offer include:

- tax consulting
- financial accounting
- international reporting
- personnel and payroll administration
- start-up consulting
- due diligence
- international tax structures
- representation and supporting clients during financial audits
- business consulting
- merger and acquisition consulting
- company concerns consulting

All our services can be provided in **German, English** or **Czech**.

With many years of experience on the market we can offer not only an **international know-how** but also a **perfect knowledge** of the **local environment**. Our consulting expertise goes far beyond our core business activity by taking into account regional habits and practices as well as local contacts and networks. Thanks to this we are able to find the most effective and quick **advice** for your domestic or cross-border activities. Just choose the office and communication language that are most suitable to you.
