AUDITOR CELEBRATES 10 YEARS IN THE SLOVAK REPUBLIC

18. 9. 2010

On 16 September, 2010, AUDITOR celebrated ten years in the Slovak Republic.

During the gala reception, the Managing Directors of AUDITOR, Dáša Straková and MMag. Ulrich Paugger, welcomed many interesting guests as well as colleagues from Austria and the Czech Republic. One of the speeches they gave stated that the basis of the company's success and growth comes from following high-quality standards when providing services and from good experiences and long-term relationships between AUDITOR and its clients. That these good relationships truly exist was more than sufficiently proved when many clients went on celebrating – even during the after-party Danube cruise, which continued well into the morning.

AUDITOR is **an auditing and tax consulting company** with seven offices and 150 employees in the Slovak Republic, the Czech Republic, and Austria.

AUDITOR in the Slovak Republic currently employs approximately 25 employees. The company provides its clients services in the areas of audit, tax consultancy, financial accounting and final accounts, personnel and payroll administration, etc., mainly for international clients.
